State Board Of Technical Education – CGPA -7.81

## SKILLS

Web Design

Front End Coding

Back End Coding

Design Thinking

Strong Communication

## INTERNSHIP

CamerinfoKs Kakkanad, Kochi MERN  
Full Stack Developer Intern

Dec 2023 – August 2024

- Intern with good understanding of HTML5, CSS, JAVASCRIPT, React , Node JS, Express and MongoDB.
- Gained immersive hands-on experience and received invaluable mentorship, accelerating my journey toward becoming a proficient web developer.

## PROJECT

Pet Adoption Website

- Developed a pet adoption platform using React, Node.js, and MongoDB, creating a smooth and cohesive user experience.
- Enabled users to adopt pets, make donations, and shop for pet items within an integrated interface, streamlining interactions for a unified experience..
- Built a responsive and user-friendly website, making it easy to navigate and providing a great user experience across all devices.
